

SPECIALTY MARKING SOLUTIONS

PROVEN PERFORMERS TO GET THE JOB DONE WRITE.

uni® PAINT

uni-ball's premium valve action permanent paint marker features a durable tip that delivers clear, bold lines every time.

- Makes permanent, vivid marks on metal, glass, wood, rubber, concrete, plastic & more
- Quick drying oil based paint withstands extreme heat & abrasion without fading
- Valve action paint marker never dries out when left uncapped as you pump it to engage the ink supply

TYPICAL APPLICATIONS

- Permanently mark inventory, tools, machinery, assemblies, components & products
- Ideal for manufacturing, construction sites, automotive, metal fabrication, aviation, marking oily, greasy items & identifying parts or equipment outside

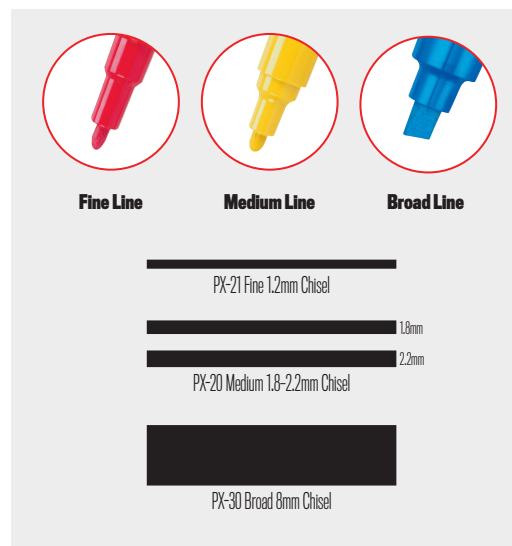

INDUSTRIES

Excellent Product

“We’ve tried several other brands and types of paint markers to identify our parts (metal, aluminum, bronze, plastic, etc.) and the uni brand by far is the best quality.”

POWER TANK RT

The perfect pen for marking in extreme situations. Upside down or outside, Powertank performs under the toughest conditions.

Typical ballpoint pens rely on gravity to dispense ink, rendering them incapable of writing at upward angles. To tackle this problem, the POWER TANK features a clever pressurized refill, allowing it to write in extreme conditions – on wet paper, horizontally, upside upside-down, and in temperatures as low as -20 °C.
